

ESTES VALLEY COMMUNITY SERVICES COALITION

The Estes Valley Community Services Coalition (EVCSC) is an example of sustainability in action in the area of human/social needs. EVCSC was founded in 1998 by a group of citizens representing various human service agencies in the Estes Valley. The organization was named and incorporated with the State of Colorado in the following year. **Its mission is to collaborate to identify and meet human service needs.**

Coalition members are representatives drawn from human service nonprofit agencies (see below) and governmental entities, such as the Town of Estes Park, Estes Park Public Library, Estes Park Police Department, the hospital district, Park School District and Estes Valley Parks and Recreation District. At-large community members also are welcome. Members meet monthly to generate strategies for filling human service gaps, avoid duplication of services, and provide opportunities for collaboration between and among the agencies.

Thus far the Coalition has improved services to the community by playing the role of catalyst in the formation of new entities such as the local affiliate of the **Community Foundation of Northern Colorado, Estes Valley Multicultural Connections, and Restorative Justice**. It was active in the formation of the Estes Park Housing Authority and has assisted member organizations to refine and, in some cases, extend their missions.

EVCSC continues to pursue its mission and remains open to new membership for individuals and organizations who wish to join. Coalition meetings are held on the first Wednesday of each month, 9-10:30 a.m., in the Town Hall and are chaired by an annual facilitating team. Sub-committees form and meet as necessary.

One of the current facilitators described an important concern related to community sustainability as the aging population. Young families have difficulties finding year-round jobs and affordable housing; as a result, many must live elsewhere and commute or find work elsewhere and leave the community.

Following are some of the members of EVCSC:

Estes Park Learning Place

The mission of the Estes Park Learning Place (EPLP) is to provide individual learning support to complement learning in schools, homes and community.

Estes Valley Investment in Childhood Success (EVICS)
